STOP PLAYING SMALL! Standing Out as a Woman of Power, in Body, Word and Deed
Presented by Eleni Kelakos, President and Chief Confidence Catalyst (CCC) The Eleni Group

As women in business, it's in our best interest to lead out with power, passion and conviction—to stand up for what we believe and stand out in all our magnificence. Instead, and all too often, we shrink to fit, capitulate when challenged, apologize for our strengths and abilities and diminish our unique voice. It's time to take charge, take action and stop playing small! This one hour session will teach attendees practical presentation and communication techniques to help them do just that, so that they can be perceived as the women of power they are.

This interactive presentation – a hybrid of Eleni's signature keynote program, TOUCH THE SKY—is as motivational as it is content-rich. Through a combination of original songs, stories and actionable tools, Eleni encourages participants to ***re-connect with their passionate purpose, and to re-commit to making the difference they were born to make—in their lives and in their work.***

Attendees learn:

- 10 Ways to stand out and be perceived with more authority and impact
- How gender affects listening and communication and how to make it work for you
- How to use your voice, words and body language to better reflect your power and command the attention you deserve.
- The value of the 4 A's: Attitude, Action, Authenticity and Accountability
-

Note: Participants receive an eighteen page e-mailed handout/workbook reinforcing the themes and practices covered in this program.
